Ration Boards To Receive $6000

Operation of rationing boards became another of the increasing number of county functions Tuesday when the board of supervisors appropriated $6000 to cover incidental expenses of the four rationing boards in the county for the next year.

Supervisor Fred E. Beer explained that the federal government had made the rationing boards a county responsibility. The $6000 will come from the county's $60,000 civilian defense fund.

Fred Callesen, chairman of the county rationing board, said none of the money would be used for salaries. Rent, janitor service, heat, light, water, telephone and other incidentals, previously paid for personally by Paul Fagan, first ration board chairman, will now be paid from public funds, Callesen explained.

Boards are maintained in Redwood City, Burlingame, South San Francisco and on the Coastside where a mobile unit travels from San Francisco to Santa Cruz County. The boards now handle price ceilings, sugar, tire, tube, auto, bicycle and typewriter rationing.

On petition of 116 persons the supervisors called a public hearing next Tuesday on a formal demand to reconstruct the Cuesta La Honda subdivision bridges washed out by high waters last Winter.

County Engineer M. A. Grant has already advised the board that in accepting the subdivision, which is near La Honda, the supervisors assumed no responsibility for the construction or maintenance of any bridges.

Duncan A. McLeod, speaking for the petitioners, declared the bridge was the only connecting link between the La Honda highway and the subdivision in Winter.

At the insistence of Supervisors E. R. McDonald and Thomas L. Hickey, the board requested County Engineer M. A. Grant to use county trucks two days monthly to collect salvage material. Request for the trucks was made by Theodore Lilienthal, county salvage chairman.

Grant insisted, however, that since the county truck fleet is maintained by gas tax funds, the cost of collecting the salvage material must be reimbursed from civilian defense funds.

Resignation of John L. Hardiman, now a Vallejo resident, from the San Mateo County Traffic Safety Committee was accepted. The supervisors requested the American Legion, which Hardiman represented, to nominate his successor.

In other transactions the supervisors:

Charter Study Group Suggests Five Changes For November Ballot

San Mateo County supervisors Tuesday took under consideration for the November ballot five amendments to the county charter submitted by a charter study committee, neutrally appointed a year and a half ago.

Action probably will be taken at the Sept. 15 meeting of the board, it was indicated by Chairman Fred E. Beer Tuesday morning, although deadline for placing the amendments on the ballot is Sept. 21, according to the district attorney's office.

Explaining the board's action, Beer said there was no doubt in his mind that the amendments would be submitted after the district attorney had approved their legal form.

The proposed amendments, accompanied by a letter, were submitted to the board by Henry Witte, chairman of the charter study committee, with the words:

"It is the hope and prayer of this committee that the amendments will solve charter problems and make it a better document hereafter."

In accepting the committee's recommendations, Beer said the group would not be dismissed until the board had decided "just what action to take."

The amendments would:

1. Make mandatory upon the supervisors preparation and adoption within one year of a code of rules governing procedure in following provisions of the charter. Such a code is provided for in the existing charter, but no action has been taken. The amendment specifies that unless action is taken within the specified time, no supervisor shall be paid until it is.

2. Clarify, to some extent, at least, that portion of the charter which governs appointments made by the county executive subject to confirmation of the board of supervisors. The amendment would compel the executive to submit a nominee within 30 days of a vacancy and, if that nominee were rejected by the board, submit another candidate within the next 30 days, never nominating the same person for the same position more than once.

BOOST SALARIES

3. Provide a boost of $50 monthly in each supervisor's salary.

4. Add two members, one a physician and one a dentist, to the board of health and welfare.

5. Define the purpose of the charter.

Members of the charter committee, following brief introductory remarks made by Henry Witte, chairman, Members of the committee who were active throughout its 18 months of existence were Witte, Murch, Hoffman, Mrs. John Bolton, Harry N. Clark, Heim Goldman, Axel Johnson, Winfield Scott, Dr. H. Volante and Rev. John R. Wilkins.

Members of the committee pointed out that the phrasing of the amendment made the board's power of rejection understood. They said the committee could not attempt to revise or inject certain wording without rewriting the entire charter.

Supervisor E. R. McDonald emphasized the point that, under the amendment, supervisors could continue to reject nominees until the man they wanted was submitted for their approval.

Eugene Hoffman, vice-chairman of the committee, replied that the group had considered this aspect, but had decided that any enlargement on the amendment would not be logical procedure.

"That sort of situation should never arise in a proper government," he said. "If the men in office cannot work harmoniously, then it's time for the electorate to do something about it.

"We know that the amendments are not altogether satisfactory because the charter is built for one type of government and we have another type. However, we do feel the amendments will meet immediate needs."

The committee, appointed 18 months ago at the instigation of the Tribune, said 24 official meetings had been held during that period.

In addition to the five amendments the committee recommended that the board of supervisors:

1. "Institute a system of salary standardization for all county offices and departments."

2. "Establish and make provision for a retirement plan for county employes."

CIVIL SERVICE

3. "Make a study of civil service to determine its desirability for San Mateo County."

In making these recommendations the committee took cognizance of the fact that employes are now circulating a petition to obtain these provisions.

The report was read by Harvey G. Murch, secretary of the committee.

"The charter seemed inadequate in so many places that we felt we must do one of two things: Either attempt a 'patching job' with 50 or more separate amendments or scrap the whole thing and write a new charter . . .

"By process of elimination our attention finally centered on Paragraph L under Section 2, Article III, which . . . directs the board 'to provide, publish and inforce, a complete code of rules . . .'

"It finally dawned upon us that . . . if we insisted upon the preparation of a code of rules, as prescribed in the charter, this in itself would become the interpretative instrument of government and we would not need to 'patch' the charter with 50 or more amendments . . .

"The more one ponders this situation the more surprising it becomes that our county government has been able to function as well as it has. A charter form of government without a code of procedure is like a ship without a rudder. Every other charter county in the state, it was found, has a code of rules that is from four to six times the volume of the charter itself . . .

"Why the board of supervisors has ignored the charter's injunction to 'provide, publish and inforce' this code is not, fortunately, one of the problems of this committee. We do wish to state, however, that it is our unanimous conviction that there will never be harmony and real efficiency in our county government until such a code of rules is made operative."

Only serious objection to the proposed amendments voiced by supervisors was the belief that they did not go far enough.

Board Chairman Fred E. Beer objected that, although the new additions to the section of the charter setting forth the county executive's appointive powers made it imperative that the executive make an appointment within 30 days and, "should the board of supervisors refuse to confirm a nominee . . . the county executive shall not thereafter submit the same nominee" for the same appointment, nowhere did the charter specifically give the supervisors power of rejection.

CONTROVERSIAL POINT

"This is one of the truly controversial points of the whole charter," Beer said.

New Redwood City Bus

(Photo by Murray Studio)

The new $7000 bus pictured above has gone into service on a new route started by the Redwood City Bus Line Tuesday in taking workers to and from the National Motor Bearing Plant and the Pacific Portland Cement Plant. The new route will be run daily for each shift change, according to R. F. Martin, manager of the bus service.

$22,290 ESTATE

Jacob Rosenthal, president of Blue Bird Drug Co. who died Feb. 13, left an estate appraised at $22,290 in superior court. The estate included San Mateo Park real estate valued at $4000 and 183 shares of Blue Bird Drug Co. stock worth $18,270.

The 1940 census gave Alaska a population of 72,524.

Three Win Service Pennants

PESCADERO—Three members of Ano Nuevo Parlor 180, NDGW, have won pennants in recognition of their work in the Pescadero aircraft observation tower.

M. R. Mattei, chief observer presented the pennants at a Sunday meeting of the parlor. The awards went to Mrs. Elsie Mattei, who has 136 hours of duty to her credit, and to Mrs. Alice Mattei and Mrs. Evelyn Cabral, each of whom has served 134 hours.

Grand President Claire Lindsey of Golden Gate Parlor in San Francisco paid her official visit to Ano Nuevo Parlor at the Sunday meeting, which was held in the afternoon because of Coastside dimout regulations.

Guests with Mrs. Lindsey were her staff officers, Sallie R. Thaler, grand secretary; Mae Himes Noonan, past grand president; and two new candidates, Mary Nunez and Ida Correia. They were honored at a banquet following the session.

A recess was declared during the meeting, when President Joe Lawrence and Recording Secty. M. R. Mattei of Pebble Beach Parlor, NSGW, were escorted to the grand president and presented her with an orchid on behalf of their membership.

Preceding the formal meeting, the district deputy, Harriet Williamson entertained the visitors and her own staff of officers at a cocktail party at her home.

Present were Mrs. Evelyn Rose Cabral, Anne Moore, Patricia Shields, Rita Pimentel, Elsie Mattei, Mary Souza, Carolyn Dias, Louise Williamson, Darline Cabral, Lizzie Frey, Annie Silveria, L. Wyant, Elsie Soares of Ano Nuevo Parlor and Irene Bettencourt of Vista del Mar Parlor 155.

Observe 35th Anniversary

HALF MOON BAY—Thirty-five years ago today, a group of women met here to organize Vista del Mar Parlor 155, NDGW. On Monday four of those women—Mrs. Grace Griffith, Mrs. Minnie Dutra, Mrs. Charlotte Cavalli and Mrs. Kate Gilcrest—were among those present when the parlor met at the Griffith home to celebrate the milestone.

Mrs. Cavalli, who is president of the parlor now, dropped out of membership for a few years, but the other three have had continuous membership since the group's founding.

A decorated anniversary cake, made by Margaret Shoultz, was served to the members and guests following the business meeting.

Mrs. Cavalli, Margaret Shoultz and Carrie Reynolds represented Vista del Mar at the Sunday official visit of the grand president to Ano Nuevo Parlor, Pescadero.

Vista del Mar is planning a food sale, to be held in the Benedetti Building on Saturday, Sept. 19. Anyone wishing to donate food is asked to contact Mrs. Marion Miramontes, chairman, or to phone her at Half Moon Bay 2591.

Several candidates will be initiated at the next meeting of the parlor, to be held in IOOF Hall Sept. 21.

Pescadero Personals

PESCADERO—Corp. Noel Dias arrived home Tuesday evening from Seattle, where he is stationed with the medical corps. This is his first trip home since June, 1941, when he entered the army.

Mr. and Mrs. James Beatty of Redwood City spent the weekend with the William Swigerts and attended the marriage of Corp. William Charles Swigert to Beatrice Allen of Cuesta La Honda.

Mr. and Mrs. Kenneth Avery and their son, Ralph, of San Francisco were Sunday evening dinner guests of the Harold Gianones in Swanton, in celebration of their wedding anniversaries.

Patsy Shields is spending the week with friends in San Francisco. Also in the Bay City for a week is Mrs. M. P. Gomez.

Mr. and Mrs. Emilio Tabacco entertained Mr. and Mrs. Lawrence Mazzei of San Bruno on Monday. Monday visitors at the Charles Boosinger home were Mr. and Mrs. Theodore McCann of Yountville.

Scouts To Train For CD Duties

BELMONT—The Belmont Girl Scouts and Boy Scouts have volunteered to act as messengers for Civilian Defense in case of disaster. To train the girls, a new course will be opened shortly.

This Fall, a new Girl Scout troop will be formed for the older girls—those of high school age.

★ ★ ★

The Belmont Garden Club will hold its monthly meeting on Tuesday at the Community Hall instead of at the home of Mrs. S. A. Alexander.

★ ★ ★

Community Church has just purchased a new Estey organ, which was played for the first time at last Sunday's service.

H.M.B. Activities Chronicled

HALF MOON BAY — Mr. and Mrs. Ivan Jacobs of San Francisco were weekend guests at the home of her parents, Mr. and Mrs. Jack Quinlan.

Also down from San Francisco on Sunday were Mrs. Rose De Martini, her son and daughter-in-law, Mr. and Mrs. Frank De Martini, and grandson, Johnnie De Martini, who visited the John Francis family.

Mr. and Mrs. Leland Puccinelli and their son, Ronald, of Burlingame, spent the weekend with Mrs. Irma Puccinelli and her daughters, Lillian and Florence.

Wilbur Buchanan of Avenal spent the weekend with his wife and her parents, Mr. and Mrs. Fred Simmons.

Mr. and Mrs. Tony Fayal, who have resided here for several years, have moved to Redwood City because of Mr. Fayal's recent serious illness.

Mrs. Marvin Cook and her sons, Jerry and Johnnie, have returned to their home after enjoying a month with relatives in Marysville.

Mrs. Thomas Kerins of Vallejo, accompanied by her daughter, Kathleen, is visiting with her parents, Mr. and Mrs. G. Angelini.

Mrs. Emily Gravance had as weekend visitors her son-in-law and daughter, Mr. and Mrs. Jack Cross of San Francisco.

Mrs. Nevin Radabaugh is spending the week with her sister, Mrs. James Mahon, in San Francisco.

Mr. and Mrs. Joseph Bello of Novato visited their sisters, Mrs. Annie Picchi and Mrs. Tony Joseph this week.

Mrs. Paul Picchi had as Sunday guests Mr. and Mrs. Richard Wittwer and their daughter, Yvonne, of San Francisco.

Jack Bettencourt, who has been undergoing treatment at Mills Memorial Hospital, has returned to his home on Irish Ridge, Lobitos.

Recent Sojourn

BELMONT—Mrs. Les Oligher, Mr. Allen Morton and Mrs. Stanley Koslosky of Belmont, Mrs. George Duffy and Miss Catherine Patterson of San Mateo have just returned from a week's vacation in Lake County.

New Home

BELMONT—Mr. and Mrs. Roscoe Burns, formerly of San Carlos, have moved into a new home on Holly Rd., Belmont.

Three tablespoons horseradish added to a cup white sauce makes a fine covering for two cups diced cooked celery or green beans or peas.

Woodside Firemen Answer Three Calls

Woodside firemen answered three calls over the weekend, all for minor blazes.

Saturday at 4:10 p.m. they extinguished a grass fire on the Whisky Hill Rd. and at 4:55 p.m. a small fire in the wiring of a car parked on Portola Rd.

Yesterday at 2:10 p.m. they cooperated with San Mateo County firemen in quenching a grass fire in Spring Valley on property owned by Herman Phleger.

The printing and publishing industries give employment to more than 365,000 persons with salaries and wages totaling nearly a billion dollars, according to the Census Bureau.

Blood Bank Delivers

Dr. Carl Hoag, president of the San Mateo County Blood Bank, has announced delivery of the first quantity of blood to the United States Navy Hospital in Oakland. His statement:

"Having almost reached its goal in processing and striping plasma for civilian defense during the first three months of its operation, the San Mateo County Blood Bank is now furnishing both whole blood for transfusions and plasma to the new United States Navy Hospital in Oakland.

"The hospital will furnish the necessary sterile containers and provide messenger service. It has a bed capacity of 1400 patients and is already caring for aviators, sailors and marines injured at Pearl Harbor, Dutch Harbor and Midway."

MENLO PARK NEWS

BY D. E. O'KEEFE

It is reported that three new business firms will open on the highway in town at the completion of the present improvement.

★ ★ ★

On the occasion of his birthday, Edward O'Keefe entertained about 20 friends at a luncheon at his home on Oak Grove Ave. last Monday.

★ ★ ★

Mrs. Jean Watson is here from Pittsburgh, Pa., visiting relatives. The attractive young lady is a professional nurse. She may remain permanently in California.

★ ★ ★

Miss Annie Yost is here visiting friends. She left China a short time ago to remain in this country for the duration. Miss Yost went to the Orient 20 years ago to teach. This is her first visit to the homeland since leaving.

★ ★ ★

Owing to the scarcity of labor Frank Gainer, superintendent of the Pulgas Mosquito District, has reduced his force to two men. Fortunately the pest has not been bothersome this season. Probably this is due to the continual oiling of the marshes and other breeding places.

★ ★ ★

James Gorham is here from Chico to open a barber shop on Oak Grove Ave.

★ ★ ★

Vic Michel and J. Bugna left during the week for Monterey to enter the army. More will follow in a few days. The young men are destined for service in foreign lands.

★ ★ ★

Two parcels of property in the Flood tract were sold to Eastern buyers this week. The purchasers intend to erect homes costing $15,000 each next Spring.

Bridge Company Granted Permit

Pacific Bridge Co. has taken out a building permit for $125,000 for port facilities at the Port of Redwood City to build railroad sidings at the port in order to facilitate building of cribbings for navy work at Hunter's Point.

Port commissioners anticipate a larger volume of business for the port as a result of the new addition. When completed the spur will be used to transport 5,000,000 feet of timber for the cribbings and will remain in use after the bridge company completes its operations.

Work on the project started Aug. 15. Port commissioners granted permission to construct the spur tracks July 31.

Talleyrand introduced the custom of eating grated cheese with soup.

REDWOOD CITY—PHONE 1300

Councilman's Son Enlists in Navy

Ronald Clide Anderson, 18, son of Councilman and Mrs. Harold Anderson, has enlisted in the navy and now is training at San Diego. He will be a third petty officer specialist in the naval air transportation service.

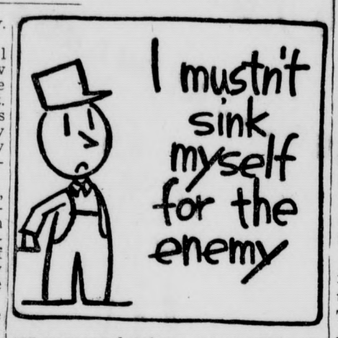
Anderson graduated from Sequoia High School with the class of '41 and attended San Mateo Junior College. Before his enlistment he was employed by the United Airlines.

84 YEARS OF SERVICE TO HOMES AND INDUSTRY

Johns-Manville Journal

JOHNS MANVILLE JM PRODUCTS

Don't Join This Suicide Squad



Industrial accidents help the enemy. Don't have one.

CARELESSNESS in industrial plants is now spoken of as the new Seventh Column, working to aid the Axis here in America. Don't join it.

Death or injury for one's country is a noble sacrifice—but death or injury in an industrial accident, caused by carelessness doesn't help your country . . . it hurts it.

All of a company's safety devices, suggestions, posters, and safety campaigns will not protect any of us from death or injury unless each of us appoints himself a safety committee of one and applies the rules of safety and common sense to everything we do.

Remember, the right way is the safe way.

Here's how accidents ADD UP when combined with other peoples' accidents:

More American workers will be killed here in accidents this year than the total of American soldiers killed in the First World War.

More American workers will be injured than the total number of American soldiers who FOUGHT in the last war.

These accidents will cost the American war production program 500 million man days—more than enough to build 20 battleships, 1,000 destroyers, 9,000 bombers and 40,000 tanks.

You wouldn't help sink an American battleship, would you? All right, then, don't sink yourself in a moment of carelessness in the factory in which you work.

Save your life and your skin and your man-hours for the war production effort on the home front.

J-M Dedicates Service Flag

A Company-wide service flag for the 1,792 Johns-Manville men now serving in the armed forces of the United Nations, was dedicated by Lewis H. Brown, president of Johns-Manville Corporation, at a ceremony held in New York last week.

Of the 1,792 J-M men in service 1,623 are with the American forces. These also include the J-M men from this locality who have answered their country's call. The remaining 169 are serving with the Canadian forces.

The ceremony in New York was sponsored by the J-M Women's Defense Workshop, an organization of J-M women located at the company's headquarters. The Workshop was formed as a voluntary service group to assist men who have left the company for the Army and Navy.

The service flag now flies daily from one of the main flagstaffs in front of the company's headquarters in New York.

A gold star on the flag stands for the one and only death of a J-M man so far reported. He was Charles Bosco, who had worked in the company's New York offices until he left for the Army. He was killed in line of duty during maneuvers.

J-M FAMILY ALBUM

HELPING UNCLE SAM—Drew (left) and Dick Dowling, sons of J. A. Dowling of J-M's Accounting Department, New York, raided their own home for scrap rubber recently. They dug up worn-out sneakers, a non-skid bathtub mat, 6 rubber heels and 18 assorted rubber toys. For their efforts they got 31 cents while Uncle Sam got much needed rubber.

Preventing Scrap

Johns-Manville is not only conducting a campaign to salvage all scrap, so vitally needed by the Army, Navy and war industries. The company is also conducting a campaign to prevent scrap.

All employees are being urged to conserve materials, even paper clips and rubber bands. And they are being urged to handle machines, equipment, raw materials and finished products with care so that they will not make more scrap.

Survey Indicates Householders Know Little of War Protection

BY BUD SPRUNGER

Three years have passed since Prime Minister Chamberlain announced that England was at war with Germany; eight months have passed since the Japs delivered their foul punch at Pearl Harbor and during that time Redwood City householders have learned shockingly little concerning self protection which may mean the difference between life and death to them and their city.

This week I enducted a house-to-house survey in various city sections seeking to learn what home owners and housewives knew about incendiary bombs and poison gas attacks.

I asked four questions:

1. Who is your air raid warden?
2. What would you do if an incendiary bomb dropped in your back yard or on your house roof?
3. What would you do in event of poison gas attack?
4. Where would you seek shelter from exploding bombs?

Only 60 per cent of those questioned knew who their block warden was and where he could be found. Even with incendiary bomb fighting as simple as it is, but 55 per cent knew what to do or had equipment on hand to do it. Only 20 per cent had more than the vaguest ideas concerning poison gas control.

In some instances the householders explained that possibly they had been called upon by their wardens but were absent at the time. Mrs. Eva Cook, 1566 Jefferson, was one of these. She explained that she was absent from her home a great deal of the time and might have missed him.

Civilian defense officials have urged that sand and a long shovel be kept ready for incendiary bombs, along with a garden hose to be played full stream. A number of persons had sand, but couldn't remember just where they'd put it and could not say offhand where their shovels were. Most people believed the older method of playing a fine spray of water on incendiary bombs to be the approved method whereas civilian defense officials for more than a month have urged a full stream.

GAS SITUATION

When it came to gas, the lack of information was even more pronounced. Many householders have clippings from the Tribune on hand telling approved procedures, but few could tell me what was in the clippings and none knew positively if they had all of the simple household chemicals named on hand.

Francis Hutchinson, 238A Alden St., a Sequoia High School teacher, was the only householder able to name gas procedures, but he didn't have essential chemicals ready.

All had hazy ideas about where they would go to escape high explosive bombs. All had in mind a low place, preferably a cellar if they had one. None however, knew exactly where he'd go or what he'd do and none had made preparations.

MOTHERS THINK MOST

I found that housewives with small children had given the problem the most thought, but even Mrs. Wrex Cruse, 505 Brewster St., who apparently had worried a great deal, wasn't quite sure on approved methods of combatting gas.

Most housewives had vague and confused ideas concerning gas protection at best. Most started and ended their discussion by saying there were numerous kinds of gases and that they could be distinguished by smelling them—which might be fatal.

In preparing first aid suggestions, OCD officials have stuck to chemicals commonly found in households such as chlorox and laundry soaps, but not one of the men and women I called on had these essentials ready in one place. A very few had talked it over with their air raid warden, and none could say positively he had the bare essentials for treatment in his house.

LITTLE EQUIPMENT

Few had equipment ready and knew exactly what they would do to fight incendiary bombs.

Jack Estes, 525 Cleveland St., knew probably as much as any about what to do. He said he'd treat those on his roof first, smothering them with sand and playing a full stream of water, but he couldn't say just where his shovel was and just exactly how much sand he had on hand.

Mark E. Ryan, fire chief, has told me many times that in an actual raid the fire department and its auxiliary would be unable to cover all fires.

HOUSEHOLDERS WILLING

"In an emergency it's up to the individual householder to curb the smaller blazes, leaving the department free to deal with larger fires," the chief explained.

Although the householders all were interested and all willing to do their part, very few householders knew what to do or had equipment.

I found this to be true in all phases of the survey. Householders want to do their part—and more — they just haven't been told how. If wardens made tours of their sections explaining in each house what to have on hand, where to place it, and what to do they would find a very receptive audience, anxious to learn.

Hospitals Will Receive 90 Per Cent Sugar Quota

Hospitals, other than rest homes, sanitariums and similar institutions handling only chronic cases are receiving an increased allotment of sugar today, according to Ralph S. Dodge, chairman of the Redwood City War Price and Rationing Board.

Until the increased allotment went into effect Tuesday, hospitals were receiving 50 per cent of their base period supply. Under the new regulations this allotment will be increased to 65 per cent, Dodge said.

The increase, together with the 25 cent additional allotment which was declared as a September-October bonus to all hospitals, will give the institutions in this area 90 per cent of their 1941 sugar requirements, he added.

Sevastopol's great sheltered basin is three-quarters of a mile wide, deep almost from shore to shore and notched on the south with four bays.

Alexander the Great filled trenches with now to cool wine for his soldiers.

Use of V-Mail Service Shows Steady Increase

The V-Mail service, inaugurated on June 15, is now past the experimental stage, with each week showing large increases in the number of letters mailed to American soldiers overseas, Postmaster Robert E. O'Connell of Redwood City was informed by the Post Office Department this week.

The War Department has increased its facilities to handle promptly the volume expected in the future.

Facilities for photographing and reproducing V-Mail to and from the United States and the British Isles, Australia, India, Hawaii and other points are now in operation. A similar service is being planned for Iceland and other points where the volume may warrant.

Pointing out that V-Mail provides a safe means of communication with members of armed forces, the Post Office Department gave assurance that the films (upon which the communications are reproduced) are given the most expeditious dispatch available. Because of the small space taken up by the roll of film, they often can be carried on ferry planes or bombers.

V-Mail letter sheets have been distributed at all post offices; and have been provided all military and naval personnel at overseas points through army and navy post offices and military channels.

V-Mail letters are photographed on micro-film by automatic machines at the rate of 2000 to 2500 per hour and the film rolls containing 1500 letters each are transmitted to destinations. Reproductions are then made by other automatic machines and delivered to the address in individual sealed window penalty envelopes.

CAR STOLEN, STRIPPED

A 1941 Chevrolet, stolen from Mrs. Grace Nolan, 39 Hillview Ave., Redwood City, was recovered at Woodside. It had been stripped of its tires.

The Spanish word "granada," meaning "pomegranate," is the root of "grenade" because the explosive resembles the fruit.

Bids for Control Measures Will Be Opened on Sept. 14

It won't be necessary to sandbag buildings at the California St.-Broadway intersection to prevent them from becoming inundated by sewage water this Winter if construction plans approved by Redwood City city councilmen Monday night are as successful as planned by city engineers.

For many years back, C. W. Eltringham, acting city manager, explained, water pouring down Commercial Way has crossed Perry St., continued down Perry to Broadway and along Broadway to Southern Pacific Co. railroad tracks where it backed up from clogged sewers, flooding building cellars and damaging structures.

To alleviate this condition, council plans construction of additional catch basins at the Commercial Way-Perry St. intersection, extension of the existing sewer system to carry off this water, a cleaning of sewer pipes in the area and the enlargement of a culvert under the James St. bridge at Redwood Creek.

Because the culvert at James St. was smaller than those upstream, Eltringham said, waters had also backed up seriously there.

Closing date for construction firm bids has been set at Sept. 14 at which time the low bid will be awarded the contract, the city manager concluded.

City engineers estimated the cost at $3750.

Warren's Ruling Won't Affect County

The ruling by Atty. Gen. Earl Warren barring soldier ballots attested by their superior officers instead of by a notary public or other official with a seal will have no effect in San Mateo County, County Clerk W. H. Augustus said this week. The county clerk has always insisted that such absentee ballots be properly acknowledged, it was pointed out.

VITAL SCRAP MATERIALS NEEDED—THINGS THEY MAKE

A clear picture of the importance of your scrap in the war may be had from the following data, prepared by the Conservation Division of the War Production Board.

1. SCRAP IRON AND STEEL

(The following items will provide an amount of scrap equivalent to the scrap normally required to produce the steel used in the opposite military items.)

Old flatiron=2 steel helmets or 30 hand grenades. (9 old flatirons=6-inch shell.)

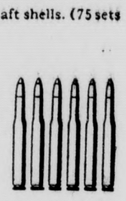
Electric iron=five 37-mm. antiaircraft shells. (9 electric irons=1000 .50 cal. cartridges.)

Old wood or coal kitchen stove=ten 4-inch shells. (10 stoves=a scout car.)

Set of skid chains=twenty 37-mm. antiaircraft shells. (75 sets of chains=one 16-inch projectile.)

5 bathtubs=one ½-ton truck.

Lawn mower=six 3-inch shells. (252 lawn mowers=one 3-inch antiaircraft gun.)



Golf clubs: 1 old set of golf clubs=one .30 caliber machine gun.

Refrigerator=twelve .45 cal. submachine guns. (61 refrigerators=one light tank.)

Old radiator=seventeen .30 cal. rifles. (17 old radiators=one 75-mm. tank gun.)

11 old washing machines=one ½-ton truck.

Kitchen sink=25 three-inch shells. (175 old kitchen sinks=one medium tank.)

Large ash can=two .30 cal. rifles. (6 large ash cans=one antiaircraft director.)

Garbage pail=1000 .30 cal. cartridges. (111 garbage pails=one 75-mm. howitzer.)

Wash pail=3 bayonets. (10 wash pails=one 60-mm. mortar.)

Old disc (420 pounds)=210 semi-automatic light carbines.

Old plow (850 pounds)=100 armor-piercing projectiles (75-mm.)

Discarded tractor=580 machine guns (.30 cal.)

FARM ITEM	MILITARY EQUIVALENT
1 Tractor, under 30 H.P.=	10 37-mm. tank guns
1 Tractor, over 30 H.P.=	4 16″ projectiles
5 Tractors, over 30 H.P.=	1 medium tank
2 Two-disc tractor plows=	1 75-mm. tank gun
1 Two-bottom tractor moldboard plow=	1 75-mm. howitzer
1 Spike or spring tooth sections harrow=	4 4″ shells
1 Disc harrow=	10 antiaircraft directors
1 One-horse cultivator=	2 60-mm. mortars
15 Two-row tractor cultivators=	1 light tank
12 Mowers=	1 3″ antiaircraft gun
5 Hayrakers=	1 armored scout car
1 Hand cornsheller=	3 6″ shells
1 Hand garden planter=	4 .30 cal. rifles
1 Combination corn and cotton planter, single-row=	7 .45 cal. submachine guns
10 Grain drills=	1 light tank
1 Fertilizing distributor=	10 .50 cal. machine guns

MILITARY USES OF STEEL

ITEM	STEEL USED (LBS.)	SCRAP THAT CAN BE USED (LBS.)
3-inch antiaircraft gun	20,000	10,000
37-mm. tank gun	750	375
.30 caliber machine gun	25	12.5
.50 caliber machine gun	100	50
Medium tank—27 tons	56,000	28,000
Light tank—15 tons	32,000	16,000
Hull—Heavy Cruiser	13,270,000 (6,635 tons)	6,635,000
35,000-ton battleship	36,000,000 (18,000 tons)	18,000,000
100-pound aerial bomb	50	25
500-pound aerial bomb	250	125
2,000-pound aerial bomb	1,000	500
75-mm. howitzer	2,060	1,030
155-mm. howitzer	8,960	4,480
3-inch shells	13.5	6.75
4-inch shells	48	24
6-inch shells	108	54
16-inch Navy shells	2,000	1,000
5-inch Navy shells	62.5	31.25
3-inch trench mortar	110	55
20-mm. aircraft cannon	111	55.5
½-ton truck (blitz-buggy)	3,970	1,985
4-ton truck	18,000	9,000
Hand grenades	1.2	.54

Roughly, half the material used to make steel is scrap.

If 1¼ million tons (2,500,000,000 lbs.) of scrap were collected from farms, this would provide the scrap necessary to make:

a More than twice as many battleships as there are in the whole world today, or

b Enough 2000-pound bombs to drop 3 per minute from Flying Fortress bombers incessantly for over 3 years, or

c Enough 100-pound bombs to drop one every second of every minute of every hour of every day for over 3 years.

AUTOMOBILES

(containing on the average, 1500 pounds of steel)—

If used with an equivalent amount of pig iron one automobile will make more than—

16 17-mm. guns, or
27 20-mm. aircraft guns (cannon), or
30 .50 cal. machine guns, or
1½ 16-inch Navy shells, or
3 2,000-pound aerial bombs.

2. RUBBER

(The following items will provide an amount of reclaimed rubber equivalent to the rubber used in the opposite military items.)

1 old tire=20 pairs parachute trooper's boots, or 12 gas masks.

125 old tires=1 Flying Fortress.

1 bicycle tire and tube=6 radio sets, or 1 gas mask.

Garden hose (25 ft.)=6 collapsible water bags or 6 auxiliary tires for pursuit planes.

1 pair rubber hip boots=3 pairs arctic overshoes.

1,000 pairs galoshes=1 medium bomber.

MILITARY USES OF RUBBER

Heavy bomber=1,825 pounds
(One tire uses over 100 pounds. Self-sealing tank uses 1,429 pounds.)

Medium bomber=804 pounds
(Self-sealing tank uses 528 pounds.)

Pursuit plane=255 pounds
(One tire uses 17½ pounds. Self-sealing tank—177 pounds.)

Scout car=306 pounds

Light tank=489 pounds
(Tracks alone use 317 pounds.)

Gas mask=1.11 pounds

Gun carriage for 37-mm. gun=61.1 pounds

Gun carriage for 57-mm. gun=82.1 pounds

2½-ton army truck=446 pounds

Motorcycle=10.7 pounds

Pair of ski boots=0.31 pounds

Pair of hip boots=2.62 pounds

10-ton pontoon bridge uses 3644 pounds

Aircraft tires range from 17 to 100 pounds each.

165,000 pounds of rubber go into making a 40,000-ton battleship. 100 pounds go into the tire of a big bomber.

Rubber used for one month's manufacture of baby pants can make 2,800 rubber lifeboats for ocean-going planes.

A single month's rubber supply to the comb factories is enough to put tires on 1,700 eight-wheeled 2½-ton army trucks.

9 automobile tires use the equivalent of the rubber needed for one tire on a four-engine bomber.

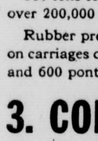
6,000,000 pounds of crude rubber previously used for 30 million rubber bands per year can put bulletproof gas tanks into 300 heavy bombers and make treads, engine mounts, shock-absorbing cushions and machine gun insulation for 500 tanks (or it could be used to make 1,500,000 gas masks and 500,000 army raincoats).

180 tons of rubber previously used for pencil erasers will make over 200,000 army gas masks.

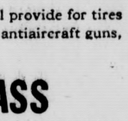
Rubber previously used for garden hose will provide for tires on carriages of 8,500 "75's" and 6,800 37-mm. antiaircraft guns, and 600 pontoons for army bridges.

3. COPPER AND BRASS

(The following items will provide amount of scrap copper equivalent to copper used in opposite military items.)



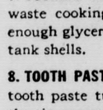
Lamp bulbs: 1,000 burnt-out lamp bulbs=40 compasses.



Washing and ironing machines=eight 4-lb. incendiary bombs. (25 washing and ironing machines=one 37-mm. tank gun.)

Refrigerator=1 refrigerator=70,000 37-mm. antiaircraft explosives. 2 refrigerators=one 60-mm. mortar.

Vacuum cleaner=31,000 .30 cal. cartridges or 110 rifles.



Copper kettle=84 rounds of ammunition for an automatic rifle.

Electric cords=Ten 6-foot electric cords will provide the copper scrap equivalent to copper used in 1,000 37-mm. antiaircraft explosives.

4. ALUMINUM

(The following items will provide an amount of scrap aluminum equivalent to the aluminum used in the opposite military items.)

1 washing and ironing machine=21 4-lb. incendiary bombs.
7 washing and ironing machines=1 antiaircraft fuse setter.
1 refrigerator=eight .50 cal. machine guns.
225 refrigerators=1 light tank.
1 vacuum cleaner=seven .50 cal. machine guns.
1 vacuum cleaner=twelve 4-lb. incendiary bombs.
7,700 aluminum pots and pans=1 pursuit plane.

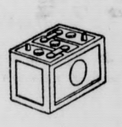
5. ZINC

(The following items will provide an amount of scrap zinc equivalent to the zinc used in the opposite military items.)

1,000 lamp bulbs=23 shells (37-mm.)
1 washing and ironing machine=20 rifles.
1 washing and ironing machine=one 37-mm. tank gun.
1 refrigerator=20 hand grenades.
3 refrigerators=1,000 .30 cal. cartridges.
10 vacuum cleaners=5 binoculars.
1 vacuum cleaner=one 37-mm. shell.

6. LEAD

(The following items will provide an amount of scrap lead equivalent to the lead used in the opposite military items.)



1 old battery=three 3″ antiaircraft guns, or three 75-mm. howitzers, or 29 tank guns (37-mm.)

7. COOKING FATS—2 pounds of waste cooking fat will make enough glycerine for five antitank shells.

8. TOOTH PASTE TUBES—60 old tooth paste tubes provide all the tin necessary for solder in the electrical connections of a Flying Fortress.

9. TIN CANS—(needed only in certain areas) Tin reclaimed is used for babbitt metal in the bearings of airplane engines and for solder.

Steel reclaimed from tin cans is used for all machines of war.

10. WASTE PAPER—(needed only in certain areas)—100 pounds (stack about 5 ft. high)=carton for 35 antiaircraft shells, or 80 75-mm. shell containers, or 35 containers of solid fiber for shipping canned food.

One ton of waste paper will produce any of the following:

1,500 shell containers
47,000 boxes for .30 cal. ammunition
71,000 dust covers for airplane engines
36,000 practice targets

Grand Jury Recommends Criminologist

A recommendation that an expert criminologist be employed to assist the district attorney's office and the sheriff's office in conducting criminal investigations is being prepared by the county grand jury, it was announced Tuesday by James B. Howell, foreman.

Decision to make the recommendation was reached Monday night at the first meeting of the jury held since dismissal by the district attorney's office of the murder charge against George Pavlogianis, alias George Pavlos, 44, Daly City cook, who was accused of murdering William Lee Fuson, alias Robert Darnell, 28, on Apr. 28.

Howell said the jury based its action on remarks made by Judge Maxwell McNutt at the time the murder charge was dismissed. At that time Judge McNutt declared that "this is the fourth or fifth murder case dismissed at the expense of the people of the county" because of lack of evidence. He said one man was held nine months on a murder charge when there was no proof that there had been a murder.

"The grand jury believes," Howell said, "that a man should be added to help both the district attorney's office and the sheriff's office and to be available to police of various municipalities in the county."

Such a criminologist would help to gather evidence and would testify as an expert witness in court, Howell said. It was the jury's suggestion that an expert be retained on a fee basis.

Howell declared the recommendation will be submitted to both superior court judges and to the board of supervisors for an appropriation. He said Sheriff James J. McGrath already has voiced his approval of the plan.

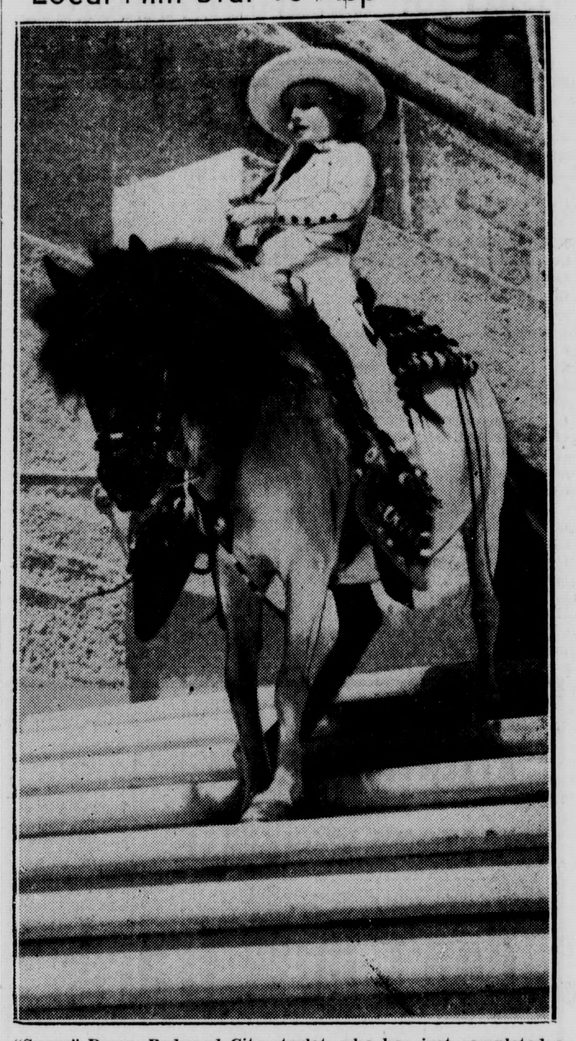
The jury foreman pointed out that at the present time there is no expert criminologist available to the county. By hiring such a man, he said, the jury felt that many unsolved crimes in the county could be cleared up.

Pavlogianis was indicted by the jury on May 21 and the case was dismissed on Aug. 5.

Howell said the group will meet again on Sept. 16 and 30, expects to prepare its audit by November and complete its report in December.

White Sands National Monument in southeastern New Mexico embraces 176,000 acres of nearly pure gypsum.

Local Film Star To Appear



"Sugar" Dawn, Redwood City starlet, who has just completed a new Monogram Western entitled "Lone Star Law Men," will appear on the stage of the Fox Sequoia Theater, as well as on the screen in the above named picture, according to manager Hal Honore'. The occasion for this special "Back to School Victory Matinee," to be held in the Sequoia Theater, through the sponsorship of Yorkshire Clothes, is for the raising of a portion of the Billion Dollar War Stamp fund being sponsored this month by the amusement industry. Each child will be admitted to this special morning matinee with the purchase of a 10c war stamp. Adults may see the show by buying a 50c stamp. The date is Saturday, Sept. 12th, at 10 a.m.

DRUNK DRIVING CHARGE

Cleo O'Day, 43, 2183 Bryant St., Palo Alto, was in the county jail at Redwood City today charged with driving while drunk. He was arrested yesterday by Redwood City police after his automobile ran into a truck owned by Frank Fratti at 1858 El Camino Real, Redwood City.

Use of tires with treads worn to the fabric has been banned in Panama as a safety measure, according to the Department of Commerce.

E C SAMS, PRESIDENT=
J C PENNEY CO=330 WEST 34 ST=

REPORT FROM J. C PENNEY COMPANY SHOWING A TOTAL OF $8,422,553.85 SALE OF WAR SAVINGS BONDS AND STAMPS EQUALING TWENTY-FOUR AND TWENTY-EIGHT PERCENT OF YOUR GROSS BUSINESS FOR THE MONTH OF JULY IS A SPLENDID PERFORMANCE. I WISH TO THANK YOU, YOUR EXECUTIVES, AND THE THOUSANDS OF J. C. PENNEY COMPANY EMPLOYEES, ALL OF WHOM HAVE MANIFESTED A SINCERE APPRECIATION OF THE OBJECTIVES OF THE VOLUNTARY SAVINGS PROGRAM IN THE SERVICE THEY HAVE RENDERED. YOU HAVE A RIGHT TO FEEL VERY PROUD OF THE EFFORT YOUR ORGANIZATION HAS MADE AND, I AM SURE, WILL CONTINUE TO MAKE IN THIS EMERGENCY= HENRY MORGENTHAU JR SECRETARY OF THE TREASURY.

Treasurer Praises Penney Bond Sale

The J. C. Penney Company's 1609 stores, whose 4% July quota for War Stamps and Bond Sales was $1,200,000, turned in the total of $8,422,553.85—or almost 25% of its merchandise sales! To realize what this figure stands for in actual war material—this sum will buy one destroyer plus one submarine plus 100 Army fighter planes plus 36 light tanks!

The importance of this achievement was acknowledged by a telegram of commendation from Secretaryof the Treasury Morgenthau, who took particular note of the tremendous scope of the company-wide publicity program which made these results possible.

While the company average amounted to about 25% of its total July Sales, individual stores and individual states turned in far greater percentages than that. In Tennessee, for example, the company's 21 stores made 68% of their entire sales in war stamps and bonds. In a small store in an upstate New York town the percentage was over 984% of volume—which meant that the store sold almost ten times as many war bonds as merchandise.

Augustus Announces Partial Vote Tally

County Clerk W. H. Augustus this week announced these results from the tally of 439 absentee voter ballots cast in the August primary election:

For coroner: William H. Crosby, 219; Dr. J. C. McGovern, 178.

For tax collector: John W. Poole, 186; Ralph MacArthur, 102.

All money will be spent in the USO name but may be allocated to clubs, the mayor continued.

S. M. County Sea Scouts Will Compete in Martinez Regatta

A fleet of at least five San Mateo County Sea Scout sailing and motor ships will cruise to the Northern California Regional Sea Scout Regatta this weekend in Martinez.

Led by the fleet flagship of Gustave Barth of San Mateo, county Sea Scout commissioner, the convoy will include the "Challenger" of Redwood City, "Vailima" of Burlingame, "Privateer" of San Mateo, and a new motor-sailer of San Mateo which is to be christened just before departure. Several small craft may be added to the flotilla, according to Regional Vice Commodore T. W. Spiller, who has charge of San Mateo County units at the regatta.

Fifty Sea Scouts and leaders from all sections of the council have registered for the three-day event. Highlight of the regatta will be the "over-the-bottom" power boat race to be run off by a committee of Northern California power boat skippers headed by Barth.

Local leaders and Sea Scout committeemen made plans for the regatta participation last Sunday at a breakfast meeting at the Redwood City Yacht Harbor. Skipper Kenneth Eugene and members of Ship 145 were hosts. Spiller pointed out that all safety precautions of the Coast Guard will be strictly observed by every ship at the three-day event, which closes Labor Day with the return cruise to local harbors.

★ ★ ★

TROOP ACTIVITIES

Troop 160 of Redwood City held a two-day camp last weekend back of Los Altos under the leadership of Scoutmaster Chester Armstrong. The troop has volunteered to provide a corps of scouts, under the direction of Committeeman Jack Welch, to serve as ushers at the forthcoming Redwood City USO show on Sept. 26.

Ship 145 Sea Scouts will operate the check rooms as their contribution to the Redwood City USO show.

Sea Scouts of Ship 145 of Redwood City last Saturday sailed the SSS "Challenger" from Redwood City Harbor to the San Francisco Sea Scout base on the first lap of a cruise to the regional regatta. Mate Warner Britschgi with a crew consisting of John Isaac, Lyle Swinyer, Dale Slater and Doug Hamilton handled the ship. All members going to the regatta Saturday will board the ship at San Francisco for the three-day event, returning to Port on Monday.

Redwood City Troop 143 members recently welcomed back Scoutmaster Hamilton Day who has been out of the city for some months on defense work. He is continuing defense work. He is continuing defense work and now commutes from Redwood City.

★ ★ ★

AIR SCOUT PROGRAM

T. W. Spiller, senior scouting chairman for San Mateo County today announced the receipt of the first Air Scout merit badge pamphlets published by the Boy Scouts of America at scout headquarters. Pointing out that the new air scout program, adopted by the Boy Scouts of America on May 15th, offers complete ground training to future aviators, and is available in different phases for all scouts 12 years of age and older, Spiller invited inquiries from scouts and scoutmasters on details of the program. He stated that Ship 73 of San Bruno, headed by Skipper Hu Tipton, and Troop 142 of San Mateo, directed by Joe Pattisson, have already started an investigation of the uses of Air Scouting for the scouts in their troops.

★ ★ ★

LEADERS LAUD SCOUTS

Letters were received by the Boy Scouts of America recently from Price Admr. Leon Henderson and Civilian Defense Director James M. Landis for the job they are doing in distributing price control information to 21,000 homes throughout San Mateo County as well as the entire nation.

"What You Should Know About Price Control" is the title of a leaflet which a million and a half Boy Scouts are delivering from door to door in every community of the United States. By mobilizing their resources, the scouts have already managed to complete 80 per cent of the job. Preliminary reports indicate that the leaflet has been distributed to approximately 20,000,000 urban and rural homes in the past few weeks."

"The nation's civilian defense effort already owes an immeasurable debt to the Boy Scouts of America for the help they have given in the past," Landis said. "The service the scouts are now performing places them in the front ranks of those who are fighting the battle against the rising cost of living."

RALLY REHEARSALS

Tryouts for a scout pageant to be presented at the 1942 camp reunion rally Sept. 25, were held Wednesday evening at the San Carlos Elementary School under the direction of Allen McNitt, Burlingame, director of the production. Dean Borba and John Wrentmore of San Carlos assisted McNitt.

Bertram Watson Sr., council advancement chairman, today announced dates set by the advancement committee for boards of review for all scouts to receive high awards at the rally court of honor:

BOARDS OF REVIEW

Board of review meets at Burlingame, Tuesday, Sept. 8, 2:30, at Boy Scout headquarters, 1204 Burlingame Ave., for all Eagle Scout candidates in the county and all other high ranking candidates in the central division.

It meets at Redwood City, Friday, Sept. 19, 4 o'clock, at the Bank of America, Broadway and Jefferson, for candidates for high ranks in the southern division (except eagle).

Peninsula Painters To Incorporate

The Peninsula Painters Joint Committee Inc., a non-profit organization to serve as a negotiating group between painting contractors and union workmen in the Palo Alto-Peninsula area, filed articles of incorporation in Sacramento this week according to the Associated Press.

The committee, with headquarters in Belmont, will administer the working conditions and agreements between the Peninsula Painting Contractors Association and District County Council 33 of the Brotherhood of Painters, Decorators and Paperhangers of America, the articles said.

Five members of each group will be committee members, A. W. Breuer and Alfred Sorensen, both of Burlingame, and C. E. Lewis, Palo Alto, are members of the executive committee.

Popped Rice For Casseroles

PLAIN JANE CASSEROLE—IN GLAMOR DRESS!

Add to the list of unsung heroes of everyday dining the casserole dish—perrenial, nourishing, homely, and — if the cook be wise and skillful—also very good! For all-in-one-dish meals need not be dull, just because they represent good economy planning in the kitchen. Prepared with piquant seasonings—and, even more important, with a dash of the cook's own imagination and ingenuity, casserole dishes are fit company at dinner for the most particular of guests.

There's an art to preparing simple all-in-one meals in glamor dress—but a simple art. One of the secrets of success in this department is the use of crisp, light-textured crumbs as the topping for all sorts of oven main dishes.

Adding both to the appearance and the flavor of the dish, the crumb topping sets the flavor accent for the whole.

Modern home - makers have learned that a delicious and readily prepared crumb topping for casserole dishes of many types is made from oven-popped rice cereal—more familiarly known on breakfast tables the country-round.

One of the most delicious of oven-prepared main dishes stars left over ham and noodles with oven-popped rice cerial crumbs as the final note of crisp goodness. Topped with melted butter and paprika, this particular main dish is worthy to appear on any table—a company dinner specialty at family cost.

SATURDAY CASSEROLE

½ pound fine noodles or macaroni
2 quarts water
1 tablespoon salt
2 tablespoons butter
1 tablespoon flour
2 cups stock
½ teaspoon salt
⅛ teaspoon pepper
½ pound cooked ham or other meat
¾ cup oven-popped rice cereal crumbs
1 tablespoon melted butter
Paprika.

Cook noodles in boiling water to which salt has been added. Drain. Melt butter in sauce pan, add flour and stock. Stir until thickened. Add salt and pepper. Dice meat and mix with noodles. Add thickened stock. Pour into casserole. Crush oven-popped rice cereal and spread over top. Sprinkle with melted butter and paprika. Bake in moderately hot oven (400 degrees F.) twenty minutes.

Yield 8 servings.

Note: Stock may be made by dissolving two boullion cubes in two cups boiling water.

Horseman Dies After Accident

SAN MATEO — Thomas A. Meredith, 52, owner of the Homestead Riding School in San Mateo and one of the best known horsemen in the West, died at Mills Memorial Hospital Sunday night as the result of critical head injuries suffered Saturday night when the colt he was training stumbled and threw him, and then pinned him to the ground.

Mr. Meredith lay between life and death for more than 24 hours at the hospital, never regaining consciousness before he succumbed at 9:30 p.m. Hospital attaches said that his numerous injuries included a fractured skull.

Eye witnesses of the accident, which occurred in the training arena at the Homestead School, said that Mr. Meredith was attempting to teach the colt to break properly from one side to the other when it got its legs crossed and fell. From the saddle, Meredith's body was snapped violently against the ground before the animal rolled over on him.

He leaves two daughters, Grace and Lina, the latter known as one of the Bay Area's finest young equestrians.

Funeral services will be held at 11 a.m. Wednesday at the chapel of George W. Sneider and Co., San Mateo, with inurnment at Mt. Olivet Memorial Park.

Talbot Estate Worth $524,481

William Chaloner Talbot, Hillsborough resident and San Francisco lumberman who died June 1, 1941, left an estate which was appraised in superior court at $524,481.23 by James A. Lee, court appraiser.

Major items were $28,244 in cash, 27,389 shares of Pope & Talbot Inc. valued at $255,265.48, and Burlingame and Hillsborough real estate priced at $47,375.

SAFEWAY *Homemakers' Guide*

★ *Three wonderful menus for Labor Day home-picnics* ★ *A long list of money-saving foods* ★ *How one wife made one husband a lot happier*

Henceforth Safeway ads will run in your daily newspapers early in the week and Safeway's low advertised prices will be effective from Tuesday up to and including Saturday. This means you can get your big order early in the week when there are no crowds and still be able to take advantage of Safeway's low advertised prices.

REMINDER . . . HOLIDAY AHEAD . . . STORES CLOSED ALL DAY Next Monday, LABOR DAY, SEPTEMBER 7th — See the Picnic Suggestions in this ad — SHOP EARLY at SAFEWAY and SAVE!

Prices in this ad are effective Tuesday, Wednesday, Thursday, Friday and Saturday, September 1, 2, 3, 4 and 5 in San Francisco, Oakland, Alameda, Berkeley, Richmond, Hayward, and other cities and towns in San Mateo, Alameda, and Contra Costa Counties.

Spending Labor Day at home?

Here are some grand home picnic ideas

Whether you spend it at the beach, in the mountains or at home—Labor Day just isn't Labor Day without a picnic. Feeling that more of us would be spending our holiday at home this year than ever before, the Safeway Homemakers' Bureau has prepared these menus for picnics in and around your own back yards.

PICNIC AT HOME

You might set up a kitchen cafeteria, letting everyone serve himself and carry his food on a tray to your favorite outdoor eating spot. Self-service works well for seconds, too.

Choice of
Steaming-hot Wieners Grilled Hamburgers
on
Toasted Buttered Buns
Lettuce, Sliced Tomatoes and Onions, Mayonnaise, Chili Sauce, and Mustard for Sandwiches or Salad
Freshly-cooked String Beans with Diced Bacon
Apple Pie and Ice Cream
Coffee, Milk, or Punch

PICNIC IN THE PARK

If you boast no back yard, perhaps there's a nearby park where you can take your dinner.

Casserole of Spaghetti, Ham, and Cheese
Take hot or re-heat on spot
Plenty of Potato Chips
Salad Bowl of Mixed Vegetables
Bottle of French Dressing
(Toss salad with dressing just before serving)
Assorted Bread or Rolls—Butter
Dill Pickles
Watermelon Cup Cakes
Thermos of Coffee, Milk, or Lemonade

GARDEN BARBECUE

If you've a barbecue pit, portable or permanent, you've an ideal setting for informal outdoor fun.

**Barbecued Broilers*
Barbecued Corn on the Cob
Shredded Cabbage, Carrot, and Apple Slaw with Sour Cream Dressing
Hot Buttered French Bread
Fresh Peach Shortcake with Pour Cream
Iced Tea or Coffee

***Barbecued Broilers**
Chicken deluxe!

Have meat man cut broilers in halves (allowing one half per serving). Let fire burn down to coals but have grill piping-hot before cooking chicken. Then sear quickly on both sides to seal in juices. Next, let broil about 20 minutes on both sides, or until tender. Baste frequently with melted butter, oil, or melted shortening to supply the necessary fat for flavor and tenderness. Use pastry brush or long stick with clean cloth wrapped around end for basting. Turn chicken with tongs or long-handled fork. Serve as is or with barbecue sauce.

"Don't throw that away!"

That's the name of the feature article in the September 4th issue of Family Circle Magazine. It's all about thrifty cooking. Family Circle comes out every Thursday, *free* at Safeway.
